goals? **Complete the chart below.**

	2016 - 2017 (Achieved Data)	2017 - 2018 (Projected Goals)
Math Growth for All	13.4%	20%
Reading Growth of the Promising 25%	48.9%	55%
Math Growth of the Promising 25%	77%	77%
Science Proficiency	27%	27%

What is the school's Action Plan to achieve the Projected Goals? Include how the School

The principal and members of the S.I.T analyzed the results of the 2016-2017 MAP in July 2017 and August 2017 to identify strengths and areas of growth

[Redacted content]

Jackson Public School District

School Improvement Monthly Updates

Areas of growth include: Reading proficiency was stagnant with 43.6% in 2016 and 43.4% in 2017. Fifth grade science proficiency decreased from 32.7% in 2016 to 30% in 2017. The reading growth for the JPS decreased from 63.5% to 46.9%.

Although every effort was made to maintain a focused leadership agenda, the lack of quality certified teachers in fourth and fifth grades hindered our improvement efforts.

To further analyze our strengths and areas of growth, Dr. Otha Belcher – Area I Assistant Superintendent (DE I) conducted MAAP 2017 data meetings with teachers in August/September 2017. During these meetings, we realized that our scholars underperformed on the heavily weighted standards, and performed average or above average on the standards that do not carry much weight on the MAAP. Dr. Belcher implemented a scope and sequence
