

TESTING AND STUDENT SURVEYS

The board recognizes surveys can be a valuable resource for schools and communities in determining student needs for educational services. Such collection on input from students and parents may be used to assist school staff in decision-making related to curriculum and instruction and in program development and operations. To this end, the board supports the use of appropriate surveys in accordance with the guidelines contained in these regulations.

DEFINITIONS

The term "surveys" includes or evaluations and other methods of gathering data for research purposes.

The term "invasive physical examination" means any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

The term "personal information" means individually identifiable information; include a student's or parent's name, address, telephone number, or social security number.

The term "instructional material" means instructional content that is provided to a student, regardless of format. It does not include tests or academic assessments.

These terms do not include ordinary classroom activities or teaching techniques.

USE OF SURVEYS

Administrators, teachers, other staff members, and the board of education may use surveys for many purposes, which may include, but are not limited to, the need for student services, the determination of prevailing views pertaining to proposed policies and/or practices, or the determination of student knowledge and/or attitudes related to a specific subject or unit. These are examples of surveys and not intended to be an all-inclusive listing. Administrative approval is required for surveys. Responses will not be used in any identifying manner.

BOARD APPROVAL

Prior to administering a survey, the board of education must approve all those that are received by the superintendent that include reference to any of the factors listed below. No student may, without proper parental consent, take part in a survey, analysis, or evaluation in which the primary purpose is to reveal information concerning:

1. Political affiliations or beliefs of the student or the student's parent;
2. Mental and psychological problems of the student or the student's family;

5.

- D. Test and assessments;
 - E. Student recognition programs; and
 - F. The sale by students of products or services to raise funds for school-related activities.
2. The administration of any survey that delves into the restricted sensitive subject areas identified and listed above; or
 3. The administration of any non-emergency, invasive physical examination or screening that is required as a condition of attendance, administered by the school not necessary to protect the immediate health or safety of the student or other students and not otherwise permitted or required by state law.

Parents/guardians of a student shall also have the right to inspect, upon request, any instructional material used as part of the educational curriculum.
